

It gives us immense pleasure to announce that
Glenmore Optometry Kelowna Dry Eye Centre

is now a training facility for the University of Waterloo Optometry
Students.

When referred from a doctor's office, patients will be seen for a detailed
and thorough comprehensive exam and fees to the patient will be waived
with a valid BC Care Card.

Under the guidance of Dr. Darren Hatchard and Dr. Ignacio Salvati we are
excited to introduce our community to these future Optometrists.

THIS SEMESTER WE ARE HAPPY TO INTRODUCE:

Brett Bernard

University of Waterloo
Student Practitioner

Hello Kelowna! I am Brett Bernard, a fourth-year optometry student at the University of Waterloo.

I am passionate about learning to provide the highest level of eye care for every patient I encounter. I'm thrilled about the opportunity to learn from the experienced optometrists and contribute to patient well-being at Glenmore Optometry.

Originally from Cranbrook, BC, I completed my undergraduate degree (Biology) at UBCO. Now, I'm eager to return to beautiful Kelowna. When I'm not at the clinic, you'll likely find me skiing at Big White or enjoying a round of golf at one of Kelowna's fantastic courses.

Looking forward to making a positive impact in the clinic!"
